

WELLNESS & SPA

NUSH

Ref. 2264.3.A26

Spa bed equipped with 3 motors that allow adjustment of the height, backrest tilt, and footrest, offering versatility and comfort in treatments. Features high-comfort padding with high-quality white PU upholstery, soft and easy to clean. The mattress, in one piece with 3 sections, provides stability and ergonomics. Includes adjustable armrests and a headrest with a facial hole for greater client comfort.

The base features an LED lighting system with interchangeable colors, adaptable to the ambiance of each beauty center or spa.
