

WELLNESS & SPA

TRAPP

Ref. 2238AI.2.A26

High-performance multifunction couch equipped with 2 motors that control the height and the backrest inclination, allowing precise adjustment for different treatments. Its brown-colored metal structure provides sturdiness and an elegant design, while the high-quality white PU upholstery is durable and easy to clean.

Includes built-in roll holder for greater practicality in daily work, making it ideal for professional beauty and wellness environments.
